

EXECUTIVE OFFICE OF THE PRESIDENT  
OFFICE OF MANAGEMENT AND BUDGET  
WASHINGTON, D.C. 20503

The Office of Management and Budget is looking for highly qualified Federal employees to serve in the Budget Systems Branch on a non-reimbursable detail assignment for four to six months.

Candidates should have strong analytical, technical and communication skills and the ability to thrive in a dynamic, fast-paced environment.

The selected candidates will join a team of permanent staff managing and applying a suite of government-wide web-based capabilities supporting the budget formulation and execution, collaboration, data collection, and analytical activities of OMB and the Budget Formulation and Execution Line of Business (BFELoB).

Successful candidates should be experienced in one or more of the following areas:

- Managing Information Technology projects in a dynamic, fast-paced environment;
- Developing applications using Web 2.0 architectures (JAVA, Ruby on Rails, Web Services, LAMP, Drupal, etc.) and relational databases;
- Developing customized websites using HTML, CSS and JavaScript;
- Working with non-technical users to understand their requirements and develop customized solutions using configurable technologies.

Specific duties will be assigned based on the candidate's skills and interests.

Applicants should be self-motivated, independent, and comfortable working with large amounts of data. In our consideration of candidates, we will be looking for those who can quickly grasp complex and unfamiliar concepts, take initiative, manage multiple tasks, and work as responsible and amiable team members.

Interested candidates should contact Phil Wenger ([pwenger@omb.eop.gov](mailto:pwenger@omb.eop.gov)) for additional information and an application form.

You will be required to provide a resume, letter of recommendation from your supervisor and a completed detailee application. A background check will be required prior to starting work.
